iMResponsible.com – Behavioral Change Tools
Designed to encourage Individual Responsibility and Accountability

The iMR 5 Step processes for those who have destructive behaviors.

TEAM support, involvement, and continuous communications can be the **Compliance Hammers** for many clients.

30,000 Clients have been involved in iMR - 5 Step processes.

Intense Case Management processes have had positive results for:
1. Medical Personnel – Nurses, Physicians, Dentists, etc
2. Transportation Personnel - (DOT), Aviation (HIM)
3. Other Critical Employees

The **Compliance Hammer** is the job and the supervising agency.

---
